Hi, ako po si tet, i was born and i grew up (half of my life) in batanes. Im now residing in Australia and absolutely missing batanes. Its good to see that changes are being made in batanes, although please don't do too much, baka hindi na po namin ma-recognise pag-uwi namin... keep it up and god bless to you all ... Batanes misses you too, Tet. :kiss:

Your fellow Ivatans share your desire to preserve the culture and natural beauty of the islands. Help us spread awareness about eco-tourism and be an advocate for Batanes' preservation.

P.S.

Please find time to visit Pension Ivatan when you get back to the province.

Hello Tet-tet, si Mariechris Siazon ya.

Remember when we used to play in the dirt and run around town in our raggedy-clothes? Wasn't that sheer bliss? I would love to be able to just turn back time to relive our days of innocence. :)

Here is me wishing you all the best in life. I hope to bump into you soon.
