
April Trip

Im considering visiting batanes on mid april. I was hoping to go there saturday and leave sunday evening, but it seems there is no flight schedule from/to manila?

I guess the best schedule would be arrive there april 19 and leave april 21.

Do you think there will be a typhoon at that week?

How far is the airport to Pension Ivatan?

The main purpose of our trip is to take photos and walk around the area.
