
Homesick Ivatan

Have you ever been away from home? I have! At the heart of all that is ME is the truth that I am just a simple girl from Batanes and the call of the sea and the wind has left me homesick. It has been years since I last saw my rolling green hills, my tempestuous waters, my heartbreaking sunsets and sunrise, my ragged cliffs, and my People. I've been in the city for too long that I ache to see my islands again. My heart's hope is that one day I can bring my family to the place that I will always call Home.
