Hello, I am Amy from Manila. My friends and I are planning to go there on May 9-11, 2008.

I want to book to your hotel but couldnt get through your Manila line. Do you have other contact numbers?

Thank you.

The last time the administrator came on line was in January. She mentioned she was busy and left the following message:

"For the mean time, please get in touch with Tess de Leon Valiente, our General Manager at +63 905 303-5855 for any of your questions and concerns. Just tell her that Mariechris referred you to the Batanes office. I assure you that she will provide you with all the information you will need for your trip."

Please let us know if you are successful. We also are trying to book with Pension Ivatan for a trip next year.
